

We want to hear from YOU!

We are dedicated to serving our community and want to hear how we can best serve and reach you.

Community Engagement Survey

Motor Imagery Intervention

We are looking for volunteers over 65 years old for a research study of the effects of visualization training on cognition and mobility in older adults. The study involves a 15-minute phone-based visualization program that is administered 3 times per week for 12 weeks and two study visits that will last approximately 3 hours.

For more information call 718-430-3978 or email bennett.kautz@einsteinmed.org

Are you being treated for bacterial vaginosis?

If you are 16-25 years old and are interested in participating in a women's health study, please call/text 347-835-7842 or email microbicide@einsteinmed.org for more information.

Children & young adults with Prader-Willi Syndrome may be eligible to participate in a research study with CBDV to treat irritability. CBDV does NOT contain THC (does not cause a "high"). Participants must be 5-30 years old with PWS and be irritable. If interested, please call 929-356-9477 or email spectrum@montefiore.org

Join the Fight Against Alzheimer's Disease with the Multicultural Healthy Diet Study
We are seeking volunteer for a research study examining the relationship between **diet and memory**. Volunteers must be between 40 – 65 years of age and either live, work or visit Parkchester or neighboring communities. To learn more about the Multicultural Healthy Diet Study call 718-430-3823 or healthydiet326@gmail.com

Seeking Volunteers for ASTHMAXcel PRO

A mobile app for adults with asthma that provides education and tips to improve asthma control. It also collects and helps you track asthma symptoms over time, which is then sent to your doctor quarterly for review. For details please contact us at 347-806-4503 or savneet.kaur@einsteinmed.org
