

COVID-19 Family Financial Assistance

Households who lost a family member to COVID-19 may be eligible for emergency cash assistance, through the Montefiore Family Resilience Fund supported by the Robin Hood Foundation.

You may qualify if:

- A family member who lived in the household died of COVID-19
- At least one child/person age 26 or younger lives in the household
- Your family is having trouble paying for basic needs like housing, food, utilities, or health copays
- You live in the Bronx, Queens, Brooklyn, Staten Island, Manhattan, or Lower Hudson Valley

A licensed clinician must fill out a referral form for you. This includes a physician, NP, PA, social worker, or psychologist. After you are referred, you will receive a call from a social worker to offer resources and support and confirm your eligibility.

How do I apply?

Bring the following information to your health care provider or social worker:

The Family Resilience Fund Referral Form is available in your web browser by clicking this link or entering the URL into a web search box:
