Note: Due to security rights in One45, the chair will not be able to access themselves the full report submitted by other faculty evaluators. However, a PDF of the full member reports can be provided to you upon request to GradRegistrar@einsteinmed.edu. The student can also send a PDF copy of the fully completed member reports to the chair.

- After reviewing the member comments, return back to the chair summary report form. If you have all the information you need to complete the chair summary report form, proceed to complete the form, then click the “Submit” button at the end.

Important Note: If you do not have all the information you need to complete the summary (i.e. feedback from the SAC members), you can “save and close” at any time. The pending form will be listed on your To Dos in the “Forms to complete” section. You can return to it at any time to finish completing the form.

The form must then be submitted in order for it to be counted as fully completed. Once you “submit” the form,

- the link to “view student response and member comments” will expire after one week.
- the student will be able to access the completed evaluation in their list of To Dos in One45.
