

FROM THE OFFICE OF THE DEAN

Dear Einstein Community:

We strive to celebrate diversity and inclusion throughout the year, so we are proud to mark Minority Health Month with our second annual Diversity Week in Science and Medicine. It provides us with another opportunity to honor our founding principles of social justice and advance our mission to advance health equity.

The celebration begins tomorrow, anchored by the 10th annual Roger Duvivier, M.D., FACOG Lecture. We are excited that two Einstein alums will be presenting this year, at our opening and closing lectures. The week also includes a ribbon-cutting event for the new office of diversity enhancement, now located on the first floor of Belfer.

- **Tuesday, April 9, 8 a.m.**—Lubin Dining Hal

10th Annual Roger Duvivier, M.D., FACOG Lecture: “How Racial and Ethnic Disparities Can Inform Quality Initiatives in Obstetrics,” Desmond Sutton, M.D., Class of 2014, Mount Sinai West Hospital
