

Dear Einstein Community:

Over the past six months, more than 200 people have participated in developing a new strategic plan for Einstein. Through focus groups, stakeholder meetings, and working groups, we have identified our strengths and opportunities for growth and improvement and established the vision for the College of Medicine. We now have a draft strategic plan that we would like to share with all of you.

Now until Monday, July 8, we are hosting a Draft Strategic Plan Poster Session on Main Street in the Forchheimer Building on the Einstein campus. (Please note that the draft is not intended to be distributed outside Einstein, so we are not sharing it electronically.) At the poster session, you can review the proposed goals and initiatives and provide your input, either by scanning the QR codes on each poster or by emailing us at StrategicPlan@einsteinmed.edu.

We strongly believe that the strategic plan should reflect and incorporate the ideas and priorities of the Einstein community. We encourage you to take this opportunity to offer your feedback and help shape Einstein's future.

Warm Regards,

Yaron Tomer, M.D.

The Marilyn and Stanley M. Katz Dean
Albert Einstein College of Medicine

Elizabeth Kitsis, M.D.

Senior Associate Dean for Faculty Affairs and Strategic Planning
Albert Einstein College of Medicine
