

Animal Use Assurance Statement for Resubmission and Non-Competing Renewal

This form may only be used for Resubmissions and Non-Competing Renewals.

| | | | |
|--|--|---------------|--|
| 1. General Grant Information. Please provide the following information: | | | |
| Grant Title: | | | |
| Agency: | | | |
| Grant Agency Number: | | Renewal Date: | |

| | | | |
|--|--|----------------|--|
| 2. Protocol Information. The continuation (non-competing renewal) or grant resubmission are completed described in the following animal use protocol: | | | |
| Animal Use Protocol Number: | | Approval Date: | |
| Principal Investigator: | | | |

| | | | |
|--|---|-----------------------------|------------------------------|
| 3. Additional Protocol Information. You must complete items A-E. | | | |
| Please answer all the questions below. If you do not complete all the questions, the grant will be returned. If you answer "Yes" to any of the questions below, this renewal will be authorized "Pending". To obtain approval you must: | | | |
| <ul style="list-style-type: none"> Immediately contact the Institutional Animal Care & Use Committee (IACUC), as your changes must be reviewed and approved by the IACUC. | | | |
| A) | Have there been any significant additions or modifications to this protocol since it was approved? | <input type="checkbox"/> No | <input type="checkbox"/> Yes |
| B) | Are any of the animal species included in this resubmission/non-competing renewal different from those previously described in the approved animal use protocol? | <input type="checkbox"/> No | <input type="checkbox"/> Yes |
| C) | To complete the studies described this resubmission/non-competing renewal, do you need more animals than the total number of animals already approved in the animal use protocol? | <input type="checkbox"/> No | <input type="checkbox"/> Yes |
| D) | Have any of the procedures being performed on the animals approved under this protocol changed from how they were originally described? | <input type="checkbox"/> No | <input type="checkbox"/> Yes |
| E) | Are any of the persons working with the animals on this resubmission/non-competing renewal not among those listed on the original animal use protocol? | <input type="checkbox"/> No | <input type="checkbox"/> Yes |

| | | | |
|---|--|-------|--|
| 4. Assurance. The Principal Investigator has reviewed the information and notes that said information is accurate. | | | |
| Signature: | | Date: | |

Reminders:

- The Principal Investigator should check the text of their approved animal use protocol to make sure the assurance above is accurate. To view the latest version of the approved protocol, go to eSIRIUS. If you need assistance with eSIRIUS, contact Dr. Silvia Racedo: silvia.racedo@einsteinmed.edu.
- A copy of the latest version of the approved animal use protocol must be easily available (hard copy or electronic version) in the laboratory. All laboratory personnel must have access to the approved protocol and are expected to know what procedures are approved.
- During routine inspections of the laboratory, the Animal Program Compliance Coordinator will check to see that the latest version of the approved protocol is available to all members of the laboratory.
